SUMMARY

Computer Science undergraduate with hands-on experience in data analysis, dashboard development, and business reporting through internships and academic projects. Skilled in Python, SQL, Excel, and Power BI with practical experience in data cleaning, visualization, and identifying business insights to support data-driven decision-making.

WORK EXPERIENCE

Jobipo – Data Analyst Intern

Mar 2026 – Jun 2026

- Collected, cleaned, and analyzed job market and user data to generate actionable business insights.
- Identified high-performing locations, hiring trends, and user drop-off points to improve platform performance and business growth.
- Created interactive dashboards and reports using Excel and Power BI for data-driven decision-making.
- Collaborated with cross-functional teams to recommend improvements that enhanced user engagement and hiring efficiency.

PROJECTS

Customer Shopping Behavior Analysis — Python, SQL, Power BI

- Analyzed customer shopping data to identify purchasing behavior and sales trends.
- Cleaned and processed raw data using Python to improve analysis accuracy.
- Used SQL queries to identify top customers, products, and revenue patterns.
- Built interactive Power BI dashboards to visualize insights and support business decision-making.

EDUCATION

2022 – 2026 Bachelor's Degree in Computer Science, SRM University, Chennai
2022 Class XII (CBSE)

CGPA: 7.71

SKILLS

Technical Skills Python, MySQL, Excel, Power BI, Data Analysis, Data Visualization, ETL
Soft Skills Communication, Teamwork, Problem Solving, Leadership, Presentation Skills, Time Management
